PROFESSIONAL SUMMARY

PMP® Certified project management professional with 5+ years of experience in planning, execution, and scheduling of large-scale fabrication, desalination, and sewage water treatment plant (SWTP) projects. Proficient in Primavera P6, MS Office, QA/QC procedures, change order management, and fabrication/installation works. Strong track record in expediting, vendor coordination, and safety-oriented project execution across major EPC and industrial contracts in Saudi Arabia.

CORE COMPETENCIES

Project Planning & Scheduling • Primavera P6 • QA/QC Documentation • Expediting & Vendor Coordination • Change Order Management • Fabrication & Installation Oversight • Progress Reporting & Dashboarding • Risk Identification • Safety Compliance • EPC Project Execution

PROFESSIONAL EXPERIENCE

Project Management Engineer — BENA Steel Industries, Dammam, Saudi Arabia

Jan 2025 – Present

- Lead and coordinate project management activities for fabrication and construction projects.
- Manage direct Aramco restoration jobs and projects for Samsung, Hyundai, SNT, CAT, SEVEN, and CPECC.
- Oversee tracking and QA/QC compliance for a total of 10,000 tons of structural steel fabrication.
- Monitor project timelines, progress, and deliverables across multiple concurrent contracts.
- Communicate with internal departments and clients to ensure alignment on project scope and milestones.
- Prepare documentation, schedules, and status reports for management review.

Planning Engineer (EPC) — Acciona Agua, Saudi Arabia

Jan 2024 – Jan 2025

- Led planning and schedule control for an Independent Sewage Water Treatment Plant (ISTP) in Madinah under EPC scope.
- Prepared monthly and weekly progress monitoring sheets and aligned subcontractor schedules with the L4 baseline.
- Coordinated cross-departmental communications for project updates and milestone tracking.
- Developed dashboards and reports for management and client presentations.

- Assisted in processing change orders and identifying project risks.

Project Engineer — Wasalat Fabrications & Services, Saudi Arabia

Mar 2022 – Jan 2024

- Supervised execution of desalination and fabrication projects for SWCC, SINOPEC, and SICIM.
- Monitored fabrication and installation of 7,000+ linear meters of pipelines for utilities and plant facilities.
- Prepared baseline schedules, tracked KPIs, and coordinated construction sequences.
- Managed variation orders, payment certificates, and project documentation.

Trainee Site Engineer — Al Zayan Construction, Kerala, India

Jan 2020 – Mar 2021

- Managed site activities and material coordination for Kerala Water Authority infrastructure projects.
